Part 1 – Animals

- Why do some people keep pets at home?
 - ✓ don't want to feel lonely
 - ✓ Wanted to have pets for long ✓
 - ✓ Like seeing pets greeting them ✓

Probably because they like seeing their pets greeting them when they come home. Or some people just keep pets since they have dreamed about it for a long time.

IELTS SPEAKING**2018년 상반기 문제****Part 1 – Animals**

Well, it's a good chance for me to see all different kinds of animals at once in the zoo but I don't quite like visiting there. Some zoos are not properly managed and animals don't seem happy there.

I'd say chipmunks. This kind of Korean chipmunks are very rare in other countries, and they look absolutely adorable. Also water deer is really common in Korea, too.

You should say:

- When you had the toy – 4 or 5 years old
- Who gave you the toy – my grandfather
- What it was like – white in colour, had pink dress
- and explain how you felt about the toy – liked it, quite unique

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

Well I had lots of toys when I was a child, but I can clearly remember a teddy bear which I used to play with. I think I got it when I was like 4 or 5, and kept it until I went into a primary school.

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

I received this doll from my grandfather. He used to travel all around the world when I was little, and bought this teddy bear for me in London. He told me that he wanted to see a big smile on my face, so brought it as my gift when he came back home.

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

It was really adorable. The teddy bear was white in colour, had pink dress and big brown nose. It was really fluffy and soft, so I loved stroking it and carried it everywhere.

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

I literally loved it because it was a gift from my grandfather. He used to give me a lot of toys but it was the first stuffed animal that he gave me. So I felt really happy and used to play with it a lot.

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

Also this teddy bear looked quite unique. As it was white in colour, it looked quite rare compared to other ones that my friends had. Mine was absolutely adorable, and I still remember how much I liked it before.

Part 3 – toys

- When you buy toys for very young children and babies, what should you pay special attention to?
 - ✓ Safety
 - ✓ Design

IELTS SPEAKING**2018년 상반기 문제****Part 3 – toys**

- When you buy toys for very young children and babies, what should you pay special attention to?

Well, safety would be the first thing to consider. All edges mustn't be sharp, and I would buy something with big parts, not small ones in order to prevent children swallowing anything.

IELTS SPEAKING**2018년 상반기 문제****Part 3 – toys**

- Do girls and boys like the same toys?
 - ✓ Yes; both girls and boys like dolls, puzzles, blocks, and so on
 - ✓ No; when they reach a certain age, boys tend to have robots, cars, whereas girls like dolls

IELTS SPEAKING**2018년 상반기 문제****Part 3 – toys**

- Do girls and boys like the same toys?

It seems like up to a certain age, both girls and boys like the same toys like stuffed animals or dolls, but girls get more into dolls as they grow up, and boys get interested in toy cars or dinosaur figures.
