2018년 상반기 문제

Part 1 – Apps

- What kinds of apps do you often use?
 - Game apps
 - Dictionary app
 - News app

Well, I normally use game apps. Whenever I have spare time, I tend to play games on my phone to get rid of stress. Also I often use news apps to check what's going on nowadays.

2018년 상반기 문제

Part 1 – Apps

- What's the most popular app in your country?
 - Search engine app (e.g. Naver)
 - Messenger app (e.g. Kakaotalk)
 - Social media app (e.g. Instagram)

I'd say Kakaotalk, which is online messenger app in Korea. Literally everyone in Korea uses this app to communicate with others and it also offers calling system so it's really handy.

Part 1 – Apps

- Do old people in your country like to use apps?
 - Some of them do, some of them don't

It depends. Some of them find using apps quite handy as they just need to tap the screen to do something, but some old people find it quite unfamiliar to use apps so they don't like using apps.

- *What the technology is*
– *Air conditioner*
- *When it was invented*
– *in 1920s or 30s*
- *What it is used for*
– *Cooling down temperature*

and explain how you feel about it

- *very useful, surprising (functional)*

2018년 상반기 문제

Part 2 sample answer

Well, I have to talk about air conditioner as I can't live without one. It's an electronic machine which is very famous world-widely.

2018년 상반기 문제

Part 2 sample answer

I don't exactly know when it was invented, but I heard it was around 1920s or 30s. I read a book about Carrier once and found out that he invented it to use it for his work.

2018년 상반기 문제

Part 2 sample answer

Basically, this machine is used for cooling down temperature when it's too hot. Especially in summer, it's really useful since it lowers room temperature and make people feel better.

2018년 상반기 문제

Part 2 sample answer

I think air conditioners are really useful.
Since I can't stand on heat, I can't literally
live without one. It's really difficult for me to
work or do something where there's no air
conditioner.

2018년 상반기 문제

Part 2 sample answer

Also I think air conditioners are becoming more functional nowadays. There's one in my house and it has air purifying function as well as humidity control function. I find it quite surprising since technology is constantly developing for this machine. I think I'll use it for a long time indeed.

2018년 상반기 문제

Part 3 – technology

- Does technology deeply affect people's life?
- Do you agree that men are more obsessed with new technology than women?

2018년 상반기 문제

Part 3 – technology

- Do you like to use new technology?
 - Yes; like trying new things out
 - No; I prefer using something I'm used to

2018년 상반기 문제

Part 3 – technology

- **Do you like to use new technology?**

Yes, actually I'm very keen to it. If there's a new technology in the market, I tend to try it out no matter what it is. I just like trying new things generally.

2018년 상반기 문제

Part 3 – technology

- Do you like to use new technology?

No, not really. To me, using new technology is always quite difficult so I tend to stick with something that I'm used to.

2018년 상반기 문제

Part 3 – technology

- Does technology deeply affect people's life?
 - Yes, people's lives became much handier with technology

2018년 상반기 문제

Part 3 – technology

- Does technology deeply affect people's life?

Yes of course. These days, people can do their tasks conveniently with technology and I'm sure they will struggle without technology. Everything like driving, banking, and many others became so much quicker and handier.

2018년 상반기 문제

Part 3 – technology

- **Do you agree that men are more obsessed with new technology than women?**
- Yes, (personal example)

2018년 상반기 문제

Part 3 – technology

- **Do you agree that men are more obsessed with new technology than women?**

I absolutely agree. From my surroundings, guys are more into new technology and they are quite obsessed to try new things out but only some women are quite keen to new technology
