Part 1 – Boats

- Would you like to have your own boat?
 - Yes; it'd be nice to have a yacht
 - No; don't seem attractive to me

I'm not quite interested in owning a boat. I don't think I can manage it even if I have one. So I don't think I will even try to have my own boat in my life.

 - after work or on weekends
- **How you would feel about it;**

 - satisfied

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

Actually there are lots of convenient facilities in my town; there are two big shopping malls, several gyms, and two cinemas. But I'd really like to have a sports centre, where I can play various sports.

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

I want it to be near my house. I get demotivated to play sports at late night, so I want to drop by when I get back home around 8 in the evening. It'd be really nice if it's in walking distance.

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

Well, obviously I will visit there when I finish work, or on weekends. It would actually depend on what sports programmes would be available.

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

I'd be really pleased if there's a sports centre in my town. Actually there are lots of gyms for people to work out, but there's no sports centres. Sometimes when I feel like playing bowling or tennis, I have to go to other towns to play, and it takes quite some time like an hour when travelling. It's quite frustrating so I want one in my town.

IELTS SPEAKING**2018년 상반기 문제****Part 2 sample answer**

Also I think I'd be satisfied as there would be more chances for me to play sports. I want to learn to play many kinds of sports as well as playing them in my spare time. So it'd be nice if there's a new sports centre in my town.

Part 3 – Leisure

- **What kinds of leisure facilities are popular in your country?**

The most popular one would be multiplex facilities, such as a shopping mall with a cinema, a cinema with a game centre, and so on. Korean people tend to enjoy many things in a single place so there are lots of those facilities.

Part 3 – Leisure

- **Do you think entertainment methods will be home-based in the future?**

Well, I think it's quite obvious because lots of people already spend their spare time at homes. There are loads of TV programmes they can enjoy, and with the development of technology, people can find out a video clip for their interests and can do everything at home.
