### 2018년 상반기 문제

#### Part 1 – Handwriting

- Do you usually write by hand or write using a computer?
  - Computer – handier and quicker
  - Write by hand – like handwriting, useful for making quick notes

It depends. If I need to make personal notes, I usually write by hand but if I have write something for work, I type it on the computer.

### 2018년 상반기 문제

#### Part 1 – Handwriting

- Do you think computers might one day replace handwriting?
  - Yes; many people prefer computers to write something
  - No; still many people like writing by hands

Yes, it's quite obvious I think. Loads of people prefer to use computers when they need to write something, and this trend won't get changed.

### 2018년 상반기 문제

#### Part 1 – Handwriting

- Do you think handwriting is very important nowadays?
- No; especially nowadays, not many people think handwriting is important

I still like handwriting but it seems it's not that important anymore. There are so many handy devices so people can just tap the screen to write, so not many people actually like handwriting.
